ENGLISH VERSION

FOURSTEEL®

CORPORATE

Foursteel is a Portuguese producer of design heating radiators and towel warmers.

Focused on market needs, in collaboration with architects and designers creates distinctive radiators in stainless steel and steel, developing efficient heating solutions with contemporary and minimalist concepts.

IMPORTANT NOTES:

1. When the position of the electric element is not identified It will always be placed in the lower right side;
2. All our electric heaters consist of electric heater cartridge (heater bar) and thermal fluid.
3. Foursteel® reserves the right to change all the products and related drawings featured in this catalogue without any prior notice.
4. All Foursteel® products are adaptable in terms of size and capacity.

RAL COLORS: color subject to confirmation.

WHITE: RAL 9016 (Standard version)

Certification of electrical products, according to the standards:

IECEN 60335-2-43:

IEC 60335-1:2010 + COR1: 2010 + COR2:2011 + A1:2013 EN 60335-1:2012 + AC:2014 + A11:2014

DOMOTIC TOUCH

TECHNOLOGY

The Domotic Touch is a simple control solution with the installation parameters of a normal switch.

Economical functionality

Increases the energetic efficiency with the setup of working hours (one, two or three hours).

Comfort functionality

Control of the energy expenditure through the temperature setup (18°C, 20°C, 22°C, 24°C). Equipped with a room temperature sensor that allows the selection of the desired temperature for the comfort of the space.

Flexibility

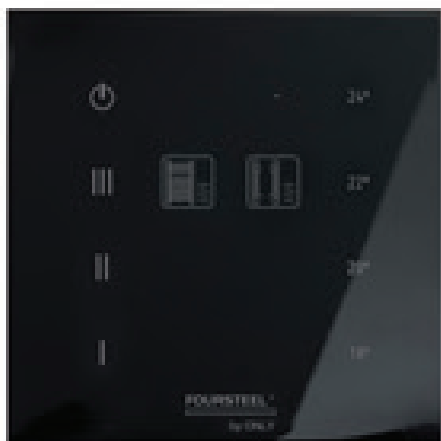

The Domotic Touch allows the management of one or more radiators or towel warmers in the same space.

Duty-cycle

Function to use for a more customized control equipment temperature.

The activation of this mode is shown by the light indicator above the icon.

Operation timed at 25%, 50%, 75% and 100% per 20 minute period.
